EX PARTE QUAYLE

This application is in condition for allowance except for the following formal matters:

Interference

Claims 1-16, 19-23 and 26 are allowable. The only question to be resolved prior to allowance is the question of priority of inventorship, which is properly resolved under interference proceedings.

Under MPEP 2304.02 (October 2005 or later), the applicant is required to suggest an interference under 37 CFR 41.202(a) in order to have applicant's view as to how the interference should be declared on record. Guidance for current interference practice may be found in MPEP Chapter 2300 (October 2005 or later) and in Federal Register Vol. 69, No. 155; August 12, 2004; beginning 49990-49996. See also 37 CFR Part 41.

The applicant's request that an interference be declared under 37 CFR 1.604 and 1.607, filed on [insert date] are noted; however it does not comply with the current requirements for an applicant's suggestion of an interference as described in the referenced areas above.

Prosecution on the merits is closed in accordance with the practice under Ex Parte Quayle, 1935 C.D. 11,453 O.G. 213.

A shortened statutory period for reply to this action is set to expire two months from the mailing date of this letter
